Bind off all stitches knit-wise. Weave in ends.

Wet blocking is strongly recommended to pull your Broughton into the perfect shape. You will need a lot of pins around the lower edge. I wanted the bound off edge to be as smooth as possible so I pinned it at intervals of no more than 1 inch. This edge should have a nice gentle curve with no straight sections at all. Allow the shawl to curve beyond 180° to achieve this.

Enjoy your Broughton!
